How will you prepare for out-of-pocket expenses from hospital and doctor bills?

Most insurance covers only a portion of the overall medical expense.

The Hospital GAP Plan® from American Fidelity is designed to help cover your out-of-pocket expense.

THE IN-HOSPITAL BENEFITS ARE PAYABLE FOR...
the difference between the ACTUAL Hospital expenses you incur and the amount payable by your primary medical plan, for the out-of-pocket covered charges. We will pay up to the maximum benefit selected per confinement. You must be confined in a Hospital for at least 18 continuous hours in duration.

THE OUTPATIENT BENEFITS ARE PAYABLE FOR...
the difference between the ACTUAL outpatient expenses you incur and the amount paid by your primary medical plan, for the out-of-pocket covered charges, up to a maximum outpatient benefit of $200.00 for services in a Hospital emergency room, outpatient surgery in a Hospital outpatient facility or free-standing outpatient surgery center, and diagnostic testing in a Hospital outpatient facility or MRI facility. All benefits for the same or related conditions will be subject to the maximum benefit, unless such conditions are separated by 90 consecutive days, then a new maximum outpatient benefit will apply.

THE PHYSICIAN OUTPATIENT TREATMENT BENEFITS ARE PAYABLE FOR...
doctor visits up to $25.00 a visit, for up to 5 visits ($125.00) per family per calendar year for treatment received outside of a Hospital as an outpatient. Includes treatment at your physician’s office, hospital outpatient clinic, or free-standing emergency care clinic.

This product is inappropriate for people who have Medicaid coverage.

IMPORTANT POLICY PROVISIONS

ELIGIBILITY
All active full-time employees who are working 18 hours or more per week, and are covered under Another Medical Plan.
You will be eligible for Dependent coverage on the day you become eligible for coverage or acquire your first Dependent; whichever is later, provided the Dependent(s) to be insured is/are covered under Another Medical Plan.

Note: Another Medical Plan means any basic Major Medical or Comprehensive Medical Policy which includes managed care and through which a Covered Person has coverage. The term Other (or Another) Medical Plan does not include CHAMPUS.

EFFECTIVE DATE OF COVERAGE
Certificates issued become effective the first of the month following the date of approval, provided the first premium has been paid.
If you are not on Active Service due to an Accident or Sickness when your coverage is to take effect, it will take effect on the first day of the calendar month after the date you return to Active Service. “Active Service” means that you are doing in the usual manner all of the regular duties of your employment on a full-time basis on any scheduled work day and these duties are being done at one of the places of business where you normally perform such duties or at some location to which your employment sends you. You will be said to be on Active Service on a day which is not a scheduled work day only if you would be able to perform in the usual manner all of the regular duties of your employment if it were a scheduled work day.
Effective Date for Dependent coverage is the first of the month following our acceptance of the application and receipt of the first premium. However, if on such date the coverage for the eligible employee has not yet taken effect, the Effective Date of Coverage will be the same as the Effective Date for such employee. In the event a Dependent is Totally Disabled on the date coverage with respect to that particular Dependent would otherwise take effect, the coverage of that Dependent will be deferred until the date the Dependent ceases to be Totally Disabled.

DEPENDENT: The term “Dependent” means your:
• married spouse who lives with you and is under age 70; or
• unmarried child (natural, step or adopted) or grandchild who is not eligible for medical coverage as an Insured under the Policy and who:
  - is less than 25 years old and is your dependent for federal income tax purposes at the time application for coverage of the child is made. Coverage for your child’s child may not be terminated solely because the covered child is no longer your dependent for federal income tax purposes; or
  - becomes incapable of self support because of mental retardation or physical handicap while covered under the Policy and prior to reaching the limiting age for dependent children. The child must be dependent on you for support and maintenance. We must receive proof of incapacity within 31 days after coverage would otherwise terminate. Coverage will then continue as long as your insurance stays in force and the child remains incapacitated. Additional proof may be required from time to time but not more than once a year after the two year period following the date the child attains age 25; or
  - you are legally required to support such child, and the child would otherwise qualify under the two items listed above.
A newborn child will become covered for Accident and Sickness automatically on the day he or she is born as long as your coverage was in force on that date. Accident or Sickness includes prematurity, congenital defects and birth abnormalities of a newborn child. Continuation of such coverage beyond 31 days requires notification of said birth and payment of applicable premium, if any. Coverage for newborn children will also include coverage for a newly born child adopted by you, from the moment of birth, if a petition for adoption was filed within 31 days of the birth of the child; and a child adopted by you from the date of petition for adoption.

Coverage for the adopted child will not continue past 31 days after the date of filing of the petition unless we are notified by the end of that 31 day period of the addition of such adopted child and any applicable additional premium is paid.

HOSPITAL: The term “Hospital” shall not include any institution you used as a place for rehabilitation; rest or for the aged; a nursing or convalescent home; a long term nursing unit or geriatrics ward, or an extended care facility for the care of the convalescent, rehabilitative, or ambulatory patients.

PRE-EXISTING CONDITIONS
Pre-Existing Conditions will not be covered for the first 12 months from the Effective Date of coverage. The term “Pre-Existing Condition” means a disease, Accident, Sickness, or physical condition for which the Covered Person:

- had treatment;
- incurred expense;
- took medication; or
- received a diagnosis or advice from a Physician,

during the 12 month period immediately before the Effective Date of the Covered Person’s coverage. The term “Pre-Existing Condition” will also include conditions which are related to such disease, Accident, Sickness, or physical condition.

TOTAL DISABILITY (or Totally Disabled) means that you are prevented from performing the material and substantial duties of your occupation. For Dependents, “Totally Disabled” means the inability to perform a majority of the normal activities of a person of like age in good health.

EXCLUSIONS
We will not cover expenses incurred from:

- with respect to Late Enrollees only, during the first 30 days of coverage under the Policy, except the Physician Outpatient Treatment Benefit; or
- during any period the Covered Person does not have coverage under Another Medical Plan, except as provided in the Absence of Other Medical Plan provision, described in your Policy;

or which result from:

- suicide or any attempt thereat, while sane or insane;
- any intentionally self-inflicted injury or Sickness;
- rest care or rehabilitative care and treatment;
- routine newborn care, including routine nursery charges;
- voluntary abortion except with respect to you or covered Dependent spouse:
  - where your life or the life of your Dependent Spouse would be endangered if the fetus were carried to term; or
  - where medical complications have arisen from abortion;
- pregnancy of a Dependent child;
- participation in a riot, civil commotion, civil disobedience, or unlawful assembly (this does not include a loss which occurs while acting in a lawful manner within the scope of authority);
- commission of a felony;
- participation in a contest of speed in power driven vehicles, parachuting or hang gliding;
- air travel, except:
  - as a fare-paying passenger on a commercial airline on a regularly scheduled route; or
  - as a passenger for transportation only, not as pilot or crew member;
- intoxication (Whether or not you are intoxicated is determined and defined by the laws and jurisdiction of the geographical area in which the loss occurred.);
- alcoholism or drug use, unless such drugs were taken on the advice of a Physician and taken as prescribed;
- sex changes;
- experimental treatments, drugs, or surgery;
- Pre-Existing Conditions, not otherwise excluded by rider or endorsement, will not be covered for the first 12 months from your Effective Date of coverage;
- an act of war, whether declared or undeclared, or while performing police duty as a member of any military or naval organization. This exclusion includes Accident sustained or Sickness contracted while in the service of any military, naval, or air force of any country engaged in war. We will refund the pro rata unearned premium for any such period you are not covered;
- Accident or Sickness arising out of and in the course of any occupation for compensation, wage or profit (This does not apply to sole proprietors or partners not covered by Workers’ Compensation.);
- dental or vision services, including treatment, surgery, extractions, or x-rays, unless:
  - resulting from an Accident occurring while your coverage is in force and if performed within 12 months of the date of such Accident; or
  - due to congenital disease or anomaly of a covered newborn child;
- routine examinations, such as health exams, periodic checkups, or routine physicals;
- any expense for which benefits are not payable under your Other Medical Plan; or
- air or ground ambulance.
SICKNESS means illness or disease which starts while your coverage is in force and is the direct cause of the loss.

ACCIDENT means accidental bodily injury or injuries you sustained which are the direct cause, are independent of disease or bodily infirmity or any other cause and occur while your coverage is in force.

- the day you no longer qualify as an insured;

- the date you cease to be on Active Service;
- the date your coverage under Another Medical Plan ends; or
- the date you cease employment with the employer through whom you originally became insured under the Policy.

Insurance coverage on a Dependent will end on the earliest of:

- the date your coverage terminates;
- the end of the last period for which premium has been paid;
- the date the Dependent no longer meets the definition of Dependent;
- the date the Dependent’s coverage under Another Medical Plan ends; or
